EAST GRINSTEAD STATION CAR PARK EXTENSION

Meet the Project Managers

1630 to 2000 Thursday 20 September 2012

With the new station building near completion we will soon begin work on the final phase of work at East Grinstead – an extension to the car park.

We are planning to increase the number of spaces by around 110 by installing a single deck on part of the car park. The deck will be prefabricated off-site with the actual construction on-site kept to a minimum, reducing potential noise and / or disruption. If you would like to see the plans and discuss the project in more detail with our project managers, please drop by at our 'Meet the Project Managers' session in the main car park at East Grinstead station on Thursday 20 September anytime between 1630 and 2000.

Otherwise please contact us by email at: carparkextensions@southernrailway.com

Currently we plan to continue with design up to the end of 2012 and be on site in mid January 2013. Site work should take around four weeks.
